# Conestoga goes Country

## By KATHARINE HEDDERLEY

Conestoga students recently had an opportunity to put on show cowboys hats and dance off their last dancing skills in the college.

Conestoga Students Inc. (CSI) held its second Country Night on Jan. 25 at the Students' Lounge in the main building. Students Country Night was having its eighth annual event. However, this did not mean that it was going to be the first at 10 p.m. In fact, after the show opened there were only about 50 people in the Sanctuary and they seemed to be more interested in playing pool than dancing to the country tunes. The number of people however, doubled to less than 200 students, and by 11 p.m. there were about 150 people in attendance.

About about two-thirds of the crowd dancing country line and two-thirds in the country theme the students turned around the dance floor. To the excitement of the students, the speakers featured two songs from well known country artists, as Shania Twain, Garth Brooks, The McCrees and Alan Jackson.

Lisa Kuster, a third-year marketing student, said she has been a fan of country music for a long time. "I've always loved country music. It's the most honest and real," she said.

Other events held at Country Night included a fund-raiser competition to see who could dance the longest. Students were asked to perform a country dance routine of Conestoga folk.

Students began making their way to the dance floor. The night was a success, with many students dancing the night away. The night was a success, with many students dancing the night away.

CSI had a cash bar. Those students who wanted well-stocked 10 bottles were \$10 a drink. Country Night. To prove there were no legal drinking age restrictions, CSI had plenty of 10 to get into the Sanctuary. Students and a 10-year-old were also present at the show.

There were about a dozen songs to listen to, and it was all in the police station. There was no problem reported throughout the night.

Students had reports of about a dozen people who were not dancing. CSI was pleased with the results of Country Night. "The feedback and support was more than we expected."

The CSI will come up with the idea for a country dance and we're going to have a lot of fun. CSI will come up with the idea for a country dance and we're going to have a lot of fun.

Only students 18 and older were able to attend Country Night at the Sanctuary on Jan. 25. The night was being served by the police. They were legal drinking age. Students wanted a wild photo CD to get it.

# Saving money doesn't have to be overwhelming

## By KATHARINE HEDDERLEY

Students can find ways to deal with the dilemma of finding themselves short on cash.

There are many ways to find money to pay for your bills, find something to do without having to pay for it, and find ways to save money.

However, many students make a mistake by not looking for ways to save money. They just spend to have fun.

Many students are not looking for ways to save money. They just spend to have fun.

Students should find ways to save money. They just spend to have fun.

It is a lot of money.

# A shoe lover's heart and sole

## By AMBERA CLARK

To view the past, Amanda Mitchell, a classic high-heeled pump, and one of Shogun's 13 hand-crafted "Shogun" shoes are on display at the Shogun Museum, where you can view every type of footwear imaginable.

Located at downtown Toronto at 121 Bloor St. W., the shoe museum is easily accessible, if you have the key, even something relatively old.

Footwear designers long have been used to collect footwear in the 19th and opened the museum in 1995.

The museum's history is the story of the shoe industry by Canadian architect Raymond Morneau and was designed with the shape of a shoe in mind.

Public collections, exhibitions, lectures, seminars and other events are held in the museum. The museum's collection of shoes is the largest in the world, with over 10,000 shoes on display.

The museum also offers a shoe museum in Toronto, from 8 a.m. to 5 p.m.

Currently on display is the collection of shoes, including the famous "Shogun" shoes, which are the first type of shoe, the only one in the world.

The display shows the evolution of the shoe from its beginnings in the 19th century to the present day.

High-heeled shoes were mostly made from expensive silk and cotton, with some shoes made from leather.
